### Comments on Case Study Digest of ICAI

---

#### Comments on Case Study Digest

- I must congratulate ICAI for releasing Case Study Digest. Because, students community was demanding it since a long time.
  - Some students, who were interested in studying more (other than classroom notes), are happy now. Some students wanted extra case studies for practice. Their wish is fulfilled by ICAI now.
  - Under old syllabus, ICAI used to issue a Practice Manual (PM). However, under new syllabus, it was missing. The launch of this Case Study Digest has replaced the need for Practice Manual to some extent.
  - You may download this Case Study Digest from ICAI website and get it printed for your convenience. Please go through it one by one carefully. There are lot many new case studies and practical questions in it. Most of you will enjoy it.
  - If it goes bouncer, then leave it. Don't take unnecessary pressure for 1 question. In any case, no two answers of Case Study will be exactly the same.
  - You may watch my video on YouTube channel about "How to remove the fear of Case Studies".
  - Just try to cover the important points and underline it while writing the answer.
  - Don't solve the Case study question first in the exam hall. Read it and answer it only after finishing other 3 questions of 20 marks each.
  - In future, whenever I get some free time, I will try to record it as a 'Special Batch on ICAI Case Study Digest'. Till then, start studying without waiting and yes 'wish me best luck' for recording it. Whenever it gets ready, it will be announced on our Website and Telegram group.
  - Please note that the 'Case Study Digest' was issued by ICAI after the recording of 'Version 3' batch was over. Hence, all the questions of CSD are not covered in Version 3 batch. However, some questions are repeated by ICAI in CSD, which are already covered in either Version 3 or in Amendment batches. You will find the details below.
